THE WOODLAND COLLECTION

For over four decades, Mattamy has been committed to building places where people love to live. We're so proud to be returning to the beautiful city of Kitchener. With forests, trails, and creeks, and the unmistakable energy of an ambitious, bustling city, it's easy to see why we chose this city for our Wildflower Crossing community.

Located in the up-and-coming Trussler neighbourhood, Wildflower Crossing offers you a lifestyle defined by proximity to nature while never being too far from a little urban culture offered by Kitchener's charming downtown. And with our new Woodland Collection of all detached homes, your once-in-a-lifetime home is about to bloom.

Discover the serenity offered by our Woodland Collection of homes, nestled amid a forest alcove at the south end of Wildflower Crossing. With the untouched Williamsburg Woods to the west and south, and a walkable pond brimming with natural life nearby, these forever homes provide you and your family with a peaceful, picturesque lifestyle.

Choose from an exclusive collection of 30' and 36' Detached Homes in a variety of thoughtfully designed floorplans, in Transitional, Traditional, Craftsman, Muskogan, and Farmhouse elevations. With your choice of Architect's Choice Options and Design Studio finishes, the Woodland Collection is a unique opportunity to let your personal style shine in a home that lets you breathe.
